The *New York Fish and Game Journal* is devoted to presenting the results of research and management studies in New York, and other technical papers on related subjects, that pertain to fish and wildlife problems of concern to the Department of Environmental Conservation. It is published semi-annually and is distributed free to official conservation agencies and scientific institutions. It is also furnished free to selected libraries and conservation organizations in New York State. Others may subscribe at a rate of $1.50 per year or obtain individual issues for 75¢ per copy. Correspondence should be addressed to the Editor Robert W. Darrow, New York State Department of Environmental Conservation, Wildlife Research Laboratory, Delmar, N. Y. 12054.

The contents of this Journal are not copyrighted and may be reproduced elsewhere provided credit is given to the authors and the New York State Department of Environmental Conservation.

FW-P27
